Did you know that the ancient Chinese were not atheists but at the beginning of their history worshiped and believed in the Most High God of Abraham, Isaac and Jacob? Remember too that Abraham's wife Sarah was unable to have children until the Most High God miraculously removed her barrenness and enabled her to conceive her son Isaac at the age of 90. Amazingly, one of the earliest Chinese Empresses called Jiang Yuan had a similar experience, and, after sacrificing to the Most High God, she too miraculously gave birth to a son who later became Emperor of China!

Many important people mentioned in the Hebrew Scriptures had supernatural dreams from the Most High God, such as Pharoah King of Egypt and King Nebuchadnezzar of Babylon. Well, so did the Chinese Emperors Wu Ding and Wu! Miraculous too is that the Most High God enabled the ancient Chinese to record an identical version of the Creation story as recorded by the great Hebrew prophet Moses in the book of Genesis. The ancient Chinese kept this record hidden in their ancient pictographic script inscribed on tortoise shells and the scapula bones of animals — termed 'Oracle Bone Writing.'
