ADVENTURE SAFARIS

Dakota Badlands Dinosaur Dig

June 15-19, 22-26, 29-July 3, 2009
Near Lemmon, S.D.

**Unearth ancient lizards from the past at a
private working cattle ranch.**

Family Dino Dig

Dig rare Dinosaurs in the Dakotas! A vacation of a life-time with the entire family. Everyone finds bones. You will receive a 100 page Dinosaur Dig instruction work book to prepare for the dig.

2

Led by Russ & Tricia McGlenn:

They have been in education for 17 years and began focusing on creation science for the last 12 years. They have been leading dinosaur digs since 1995 in the Dakotas and Wyoming. They teach in camps, churches, and schools during the winter.

What people have been saying about the dino digs:

"With the replica of the dinosaur bone we dug up, we have been successfully witnessing about God's judgment and God's mercy."

"Not only the dino dig, but the teaching time and evening star gazing were outstanding!"

Even my 5-year-old found a saurapod claw."

3

Lodging:

Campsites on the ranch; tents/campers welcomed Motel, 40 miles away (we are out in the back country).
