TEACHING CREATION SCIENCE IN UKRAINE

Bob Helfinstine

Tuesday, June 18, 1996, 7:30 p.m. Totino Fine Arts Center, Rm 115, Northwestern College, Roseville

Bob Helfinstine, board member and past president of TCCSA, will report on his recent Ukrainian trip sponsored by the Greater Europe Mission. Bob taught Bible-Science relationships to pastors and Bible teachers at the Zaparozhye Bible College. Bob spoke through interpreters to his class of 36 first year students ranging in age from about 19 to some in their 40s. On Sunday, May 5, Bob spoke in two Ukrainian Baptist churches. He will tell how Ukrainian churches struggle to expand their ministry with inadequately trained leaders and limited finances. A summary of his experiences will include information on the present economic status of Ukraine. Slides of the sights and souls encountered should make for an interesting and informative time for all. Find out about more opportunities for service on 2-week-long work-team trips to Europe.

Upcoming TCCSA Events

July 16, 1996 Plans are to show a video at this meeting. Stay tuned for further announcements.

August, 1996 There are no TCCSA meetings or *Creation Bulletin* during the month of August.

September, 1996 Plan now to place TCCSA meetings on your schedule each month.

The Bible tells us that the fear of the Lord is the foundation on which all true knowledge rests. If we start at the wrong place we cannot come out at the right place.

ANNOUNCEMENT

Jerry Roth, president of TCCSA, is planning to move to Tennessee in June. Jerry has been active for 20 years and has served as president longer than any other person. At the May 21 meeting Jerry was presented with a plaque in recognition and appreciation for his years of service. We wish God's blessings on you as you go, Jerry.

If you are interested in becoming a member of the TCCSA board please let us know. The board meets once a month and is responsible for planning meetings and activities.

TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.

We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.

We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.

We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.

Therefore, we believe that Jesus Christ is our Lord and only

- I want to become a member of TCCSA and I subscribe to the Statement of Belief (Yearly membership dues are \$20.00. Students do not pay dues.)
- Please send me information about TCCSA and its ministries.
- I am interested in helping to promote Creation Science. I've enclosed activities I'm willing to help with; or, please contact me when opportunities to serve exist.
- I want to make a donation to help TCCSA promote Creation Science.
TCCSA _____ Adventure Safaris _____
- Please keep me on your mailing list (must be renewed each year).
