Biblical Creationism & Scientific Advances

Dr. Donald Chittick

Tuesday, October 15, 1996, 7:30 p.m. Totino Fine Arts Center, Rm 115, Northwestern College, Roseville

Dr. Chittick is a world renowned creation lecturer and author of *The Controversy: Roots of the Creation Evolution Conflict*. Dr. Chittick has developed, and holds patents on, fuels from renewable resources. Currently Dr. Chittick devotes his time to conducting seminars on science and the Bible and does research in the areas of ecological concerns and alternate fuels. We strongly recommend this meeting to everyone, especially young teens through adult. Younger children with an interest in science may also find this interesting.

Upcoming Events

Dr. Donald Chittick

The following meetings are scheduled and others are pending, call Pastor Walter Lang at (612)861-5288 for additional information.

What does your TCCSA membership buy?

We have been asked, "What do the \$20 TCCSA dues and the meeting offerings buy? There are no paid staff at TCCSA, we don't have office space rental, our meeting facilities are free, so where do we spend the money?"

Our newsletter has been costing about \$80.00 a month for copying and mailing charges. We try to bring in speakers at least twice a year from outside Minnesota. Guest speakers are usually roomed and boarded by a TCCSA member to keep costs to a minimum. Earlier this year we had a speaker from Indiana, and this month we are bringing Dr. Chittick from Oregon. Travel expenses add up very quickly so a large percentage of our income is used for that.

TCCSA has purchased audio and video equipment for use at the meetings, and we will add items as funds allow and needs require. Please consider joining as a way of improving and expanding this ministry. Thank You

Adventure Safaris

Adventure Safaris is a ministry of the Twin Cities Creation Science Association. This ministry provides training to home schooled children and youth as well as church and family groups. Russ has introduced two multimedia programs for the whole family or any age group.

Pocahontas, Peacemaker Princess: (The real Story)

The Bethlehem Star: Amazing astronomical events that God used to proclaim the birth of the Messiah, Jesus Christ.

Our goal is to provide information and training consistent with the Bible account of creation. We provide weekly classes during the school year for home schoolers. Throughout the year we have 1 day, 3 day & 5 day safaris for the whole family or groups to sites of scientific interest.

Call **John Nuckols** at **(612)757-8107** or **Russ McGlenn** at **(612)434-5047** for details on trips, activities & fossil reproductions. All gifts made out to **TCCSA** for **Adventure Safaris** are tax deductible and pay never-ending dividends.
