## The Hale-Bopp Comet

**David Stoltzman Tuesday, June 17, 1997, 7:30 p.m.**

**Totino Fine Arts Center, Rm 115**

**Northwestern College, Roseville**

As anyone who has been around Twin City Creation groups for the past few years can attest, Dave Stoltzman keeps his eye on the sky. If you missed a great view of Hale-Bopp this last March/April, then come to June's TCCSA meeting, where some of the finest pictures from professional and amateur photographers will be shown. Besides the photos, the physics of this comet are unique, and make Hale-Bopp quite different from most other great comets. Come and hear a detailed and fun account of Hale-Bopp, along with a Biblical perspective on the recent searches for life in the Cosmos.

In addition Russ McGlenn will explain some Bible references to comets and meteors and their possible importance in

July 15 A new video called *Real Roots* that explains differences in skin color will be shown.

No meetings or newsletter in August.

Sept. 16 **Bob Laing**, Nature of the Atom.

Good-bye and God's best to Dan Lietha, our *CreationWise* cartoonist. He and his family moved to Kentucky to take a position with Ken Ham's Answers in Genesis organization. Friends and family in the Twin Cities area will miss them. We will try to have a *CreationWise* strip from time to time. Thanks Dan

**ADDRESS CORRECTION  
REQUESTED**

**ADVENTURE SAFARIS**

We have dropped the May 1st. deadline, and any penalty for late registration. We need to have a good estimate of the number of campers by June 15th. Please contact us as soon as possible for reservations and information.

We have selected a 12,000 acre ranch in the Southwest corner of North Dakota for this summer's dig, near the towns of Bowman and Rhame. The ranch is in the Hell Creek Formation located near the Little Missouri River. Two complete Triceratops have been removed from the ranch, so it is in a prime area for digging. Our plan is to have at least three sites open for digging; one of which is identified as a duckbill site. An ideal camping site has been selected with electricity and water nearby.

The town of Bowman, a fast 21 miles to the east, offers several motels and an excellent museum with a dinosaur section. The Black Hills are about three hours south for those who want to extend their vacation. Theodore Roosevelt National Park and a great museum in Dickinson, ND are each about 1 1/2 hours away.

We look forward to the fellowship with other believers this summer and to the rewarding experience of unearthing evidence of dinosaurs laid down by the Flood.

We have scheduled January 31 and February 1, 1998 for next year's Science Fair at HAR MAR MALL. They want us back since there was positive feedback and because business was up. This is a wonderful opportunity to extend the Creation message to the community.

“For since the creation of the world God’s invisible qualities... have been clearly seen... so that men are without excuse.”

**TCCSA's STATEMENT OF BELIEF**

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.

We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.

We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.

We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.

Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.

- I want to become a member of **TCCSA** and I subscribe to the Statement of Belief (Calendar year membership dues are \$20.00. Students do not pay dues.)
- Please keep me on your mailing list (must be renewed each year)
- Please send me information about **TCCSA** and its ministries.
- I want to make a donation to help **TCCSA** promote Creation Science.
