Sennacherib Who?

Tuesday, March 16, 1999, 7:30 p.m. Totino Fine Arts Center, Rm. 115, Northwestern College, Roseville

Dr. Clyde Billington is Professor of Bible History at Northwestern College. When he last spoke to us in November of 1996 his subject was the excavation of the ruins at Jericho, where he showed that the evidence exactly matches the Biblical account.

This month Dr. Billington has chosen to speak on Sennacherib, the King of Assyria, who overpowered the entire region then threatened Jerusalem. You may wish to read up on what happened before our meeting to enhance your understanding of the discussion. The account is located in three passages: 2 Kings 18:13-19:37, 2 Chronicles 32:1-21, and Isaiah 36-37. When all seemed lost with no hope in sight, King Hezekiah turned to God. Don't we all have a tendency to look to God only after everything else has failed? You may want to bring your Bible along.

If you have not yet heard Dr. Billington, you are in for a real treat and a learning experience you will not soon forget. All age groups will enjoy and benefit from this talk illustrated with a slide presentation.

TCCSA Needs Your Ideas

Board members are needed to conduct the business of our organization. We meet about 10 times a year to discuss future programs and activities. Additional individuals are needed to increase our idea pool.

Prayerfully consider what you can do to increase the Creation outreach in our area.

Maybe you have an idea for a future meeting or have talent you want to put to use, please let us know. You can contact us by mail, e-mail, phone or at one of our monthly meetings.

Southern Minnesota Association for Creation

Albert Lea will host the annual board meeting of the **Creation Research Society**. On March 27, 1999 C.R.S. board members will participate in a public meeting on Creation vs. Evolution. Topics will include "How to Become a Creation Scientist", "From Avowed Evolutionist to Confessing Creation Scientist", and "From Grade School to Creation Research Professor: How To Do It". There will be sessions for all ages so don't miss this opportunity.

Creation Vacations

Feel a need to get away to the Rockies? **Alpha Omega Institute** has three family Creation Vacations planned for 1999. The Twin Peaks Family Science Adventure is June 27 - July 2. Then on August 15 - 20 and 22 - 27 they have scheduled Redcloud Family Mountain Adventures. There is a program for children and exciting recreational options like rappelling, canoeing and mountain biking for the adventuresome. For additional information call (970) 523-9943 or write them at PO Box 4343, Grand Junction, CO 81502.

April 20 - Linda Gunderson - Noah's Ark and the flood.
 May 8 - David Bergman - Modern Physics need for a foundation based on physical reality.

CREATIONWISE

Adventure Safaris

The Third Annual Science Fair was held February 6 & 7, at Har Mar Mall near Rosedale. There were about 40 participants this year ranging from Kindergarten through High School. The team, led by Julie Von Vett, did an outstanding job making this years event so successful.

Three 5-day Dinosaur and Indian camps are scheduled for May at Devils Lake State Park, just thirty minutes from the Wisconsin Dells recreation area. Russ, his daughter, and son-in-law will draw from their Native American background to help you experience how Indians lived and what the Bible has to say about their origin and future. You will also learn about evidence of early Indian contact with dinosaurs.

We are also running three, 5-day camps in August at a sauropod (long neck dinosaur) site near Belle Fourche, SD, an hour drive from Rapid City. Camp sites, motels and even a bed & breakfast are available in the area. In addition to digging, there are many free-time activities for the whole family. A training manual will be provided prior to the digs so you can develop dig skills at home before you go. Contact us for more information or to reserve your place at one of these unforgettable family camps. You will be glad you did!
