CREATION BULLETIN

Dave Johnson, President

October 2004

Vol. 30, No. 9

Isaac Newton, Live and in Person - Almost

7:30 PM, October 19, 2004, Nazareth Hall Chapel, Northwestern College, Roseville, MN

John Nuckols has an uncanny way of assuming the character of historic figures and taking us beyond the writings to the soul and character of the man. We were amazed at his presentation of Louis Pasteur. Now he takes on the identity of the man considered by many as the greatest scientist of all time. A man who changed the way people looked at science and nature. The whole family will enjoy this one.

Isaac Newton lived from 1642 to 1727 in England where he was known for his breakthroughs in mathematics, optics, physics and astronomy. What few people today know is Newton was a devout man of faith who wrote extensively on the Bible and Theology.

All meetings are free and open to the public. A free-will offering will be taken.

Writing Contest

www.adventuresafaris.org is the place to go for information on this contest. Entries may be submitted anytime between now and March 15, 2005. What a great way for students to improve their science and writing skills at the same time. Get started today!

Coming up . . .

November 16 - Tom Vail - The Grand Canyon

December - No meeting or newsletter

January 18 - The start of another great year, is your membership up-to-date?

Check www.tccsa.tc for other activities in our area.

TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.

We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.

We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.

We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.

Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.

Adventures afaris

Schools open, are your children getting a good well-rounded education? If you want a superior Bible-based science education for your children, please contact us. There are still slots available to fit you in. If you have ever heard John Nuckols with his real-life dramatization of an historical person of science, you will want to attend the meeting this month. John will present Isaac Newton as you have never heard it before. You will be entertained while you learn of one of the most significant scientists of all time. If you haven't heard him previously, you are in for a real treat. Bring the whole family.

Adventure Safaris presents the Creator and His designs and laws to homeschool coops. Contact us if you are interested in receiving an excellent science education for your students. As a nonprofit organization, we are supported by our school work as well as by interested churches and individuals. All gifts made out to TCCSA are tax deductible. Designate what your gift is for.

You can now go direct to www.adventuresafaris.org or link from www.tccsa.tc.
