## CREATION BULLETIN

May 2006

Vol. 32, No. 5

### Noah, Dinosaurs & the Flood

7:30 PM, May 16, 2006, Nazareth Hall Chapel, Northwestern College

**A**uthor, Home Educator and Speaker from Ft. Lauderdale, FL. Jill Whitlock was the first female geologist in Denver and the third ever trained at Texas A & M University. A former evolutionary geologist, she has for the past 16 years applied her expertise in studying and compiling information on Creation Science. She is home schooling her own children and providing excellent resources for other home schoolers including the website [www.MediaAngels.com](http://www.MediaAngels.com). She is now on the staff of Creation Studies Institute, [www.creationstudies.org](http://www.creationstudies.org), headed by Tom DeRosa and affiliated with Dr. James Kennedy's ministries. Co-author of Creation teaching books on Science, Astronomy, Anatomy, Geology and more, she is also a dynamic speaker who reaches all ages. Women and youth especially will enjoy as she shares her experiences and vast knowledge.

**J**ill Whitlock believed that evolution was the way life and the world began. She was trained as an evolutionist and worked as a geologist for 10 years. She worked as a Chief Well Log Analyst for the Rocky Mountain Region and as Senior Staff Exploration Geologist for an oil company in Denver. Jill accepted the Lord Jesus Christ as Savior in Dec. 1983 and began praying and studying about the creation vs. evolution question. The Lord was faithful and brought many people into her path who started her on the way to becoming a Flood Geologist and a young earth Creationist. Jill has spent over 12 years studying and compiling information on Creation Science and is available for seminars.

All meetings are free and open to the public. A free-will offering will be accepted.

#### Writing Contest

Our second annual writing contest is for all students through grade twelve. Our aim is to encourage young people to investigate some form of science and then clearly write about it. Entrants have until May 15 to complete and file their papers. Authors of winning papers may be asked to read their report at a monthly meeting.

Go to [www.tccsa.tc](http://www.tccsa.tc) for rules and information.

Have you considered...

the mosquito. What makes it alive? If I slapped a mosquito, it's dead right? Well, why doesn't it come back to life? It has all the "right stuff" present for life, yet it is still dead. Everything is there that makes the mosquito a mosquito. All I have done is rearrange the mosquito, why does it not evolve back into a mosquito? Life comes from life—not just because necessary chemicals are present.

#### Coming Up . . .

June 20 - Dr. Clyde Billington - The Exodus Giants

July 18 - The Privileged Planet - Video

August - No meeting or newsletter

September 19 - Russ McGlenn

October 17 - Dr. Kevin Anderson

#### From the Archives from 1976

On March 17 TCCSA filed Incorporation papers at the office of the Secretary of State.

Bill Overn spoke on **Physical Science in the Light of the Creation Model** at our April meeting.

In May our speaker was Dr. Robert Sjogren, Director of the Metro Mosquito Control District who spoke on **The Effect of Soil and Water Chemistry on Plant Growth**.

TCCSA hosted the 3rd National Creation-Science Conference in August.

**TCCSA's STATEMENT OF BELIEF**

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.

We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.

We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.

We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.

Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.

Congratulations to board member Brent Fox and Beth Conroy who were married on April 7th.
