The Exodus Giants: The Archaeological Evidence

7:30 PM, June 20, 2006, Totino Fine Arts Center Room 116, Northwestern College

Do you recall the report given by the twelve spies of “the land flowing with milk and honey”? How they compared themselves to grasshoppers in the sight of the giants? This month the giants mentioned in Exodus will have their chance to speak to us from ancient Egyptian texts. Dr. Billington will compare these texts with Old Testament references to the Anakim giants in the land of Canaan. Goliath was an Anakim giant who joined the Philistines and was killed by David. References to Goliath will be covered in Scripture and a possible reference found in the ancient city of Gath.

Dr. Clyde Billington, Professor of Bible History at Northwestern College described the excavations of Jericho and told us about Sennacherib’s battles in previous visits to TCCSA. He shows how archaeological digs confirm the truth found in the Bible.

If you have heard Dr. Billington you know the treat waiting for you. He is able to make dead things come alive for young and old alike. You won’t be sorry you came and brought your family and friends.

All meetings are free and open to the public. A free-will offering will be accepted.

Another Writing Contest

Our contest closed on May 15 and the judges are reviewing each entry.

TCCSA received this notice that may be of interest to young adults, especially college students.

If you are between 17 and 23 years old the time to enter is now. Entrants are required to read the book ***Not What My Hands Have Done*** (Special Price: \$10.00 postpaid to U.S. addresses for contestants) and write an essay about it. Essays must arrive at The Trinity Foundation by September 1, 2006.

Prizes are generous: \$3,000 for the First Prize, \$2,000 for the Second Prize, and \$1,000 for the Third Prize. For a complete set of rules and entry forms, please go to the website, www.trinityfoundation.org.

Have you considered

...the dandelion. That invariable weed that plagues the lovely green lawn. How does this weed send its seed? Dandelion seeds are carried away by the wind, like miniature parachutes. A strong wind can carry these seeds for miles. But how do you get these miniature parachutes airborne? One needs to get high above the grass. Have you noticed that when it wants to seed, it sends up a tubular stem that towers above the grass? It does not even matter if you just mowed it the day before; up and up goes the stem and soon those miniature dandelion parachutes are flying to another part of the lawn. What can I say, the design from the Designer works!

...stop and consider God’s wonders. Job 37:14

TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.

We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.

We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.

We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.

Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.

For God sent not his Son into the world to condemn the world; but that the world through Him might be saved.
