## CREATION BULLETIN

October 2006

Vol. 32, No. 9

# Genetics X 2

7:30 PM, October 16-17, 2006, Totino Fine Arts Center, Room 116, Northwestern College

Monday Oct. 16 **Special Technical Meeting** "A Creationist Understanding of the Genome"

Evolutionists claim that recent genomic research provides strong evidence of evolution. Creation geneticists strongly disagree, and for good reason. Rather than being the product of millions of years of evolutionary change, there is much evidence indicating the genome is young. Also, rather than the genome showing poor design and unnecessary redundancy, it shows an unparalleled level of technological sophistication. A creationist view of origins continues to be strongly supported by current genetics research.

Tuesday Oct. 17 **Regular Monthly Meeting** "God Doesn't Make Junk (DNA)"

Evolutionists claim that much of the human genome is useless "junk" left over from millions of years of evolution. However, recent research strongly challenges this view, and instead reveals a genome designed with an amazing ability for adaptation and versatility. Evolutionists also claim that the similarity of the human and primate genomes proves they have a common evolutionary lineage, but a careful evaluation of the respective genomes reveals several flaws in this claim.

Dr. Kevin Anderson has his Ph.D. in microbiology and is the Director of the Van Andel Creation Research Center. (Chino Valley, AZ). He is also the editor-in-chief of the *Creation Research Society Quarterly*. The second night will be less technical but both programs will be interesting and will help you understand genetics. All meetings are free and open to the public. A free-will offering will be accepted.

### Coming Up . . .

November 20, 21 - Dr. Glen Collins - Real Progress

Toward a Theory of Everything

December - No meeting or newsletter

January 16 - Dr. Allen Curtis

February 20 - Bruce Malone For updates go to [tccsa.tc](http://tccsa.tc)

**Roger Oakland** ([www.understandthetimes.org](http://www.understandthetimes.org))

at Central High School located at 275 Lexington Pkwy in St. Paul on Oct. 13 - 7 to 9 PM and

Oct. 14 from 9 AM to 4:30 PM. He will be discussing Evolution and Creation in a series of

talks. Sponsored by Calvary Chapel of St. Paul

([www.ccsaintpaul.org](http://www.ccsaintpaul.org)) 651-291-7140 and

TCCSA ([www.tccsa.tc](http://www.tccsa.tc)) Talks are **FREE**

Have you considered...

...the tears of an eye?

The eye is a very delicate organ. Daily it is exposed to dust, dirt and just plain gunk. The tears are the main defense. The tears are made up of more than 90% water, yet within this water is a special enzyme that destroys bacteria. Imagine if this enzyme had not evolved, our eyes would be one big continual infection. And with this infection would come pain; remember the last time you got something in your eye? So every time you blink, stop and consider how your eye is washed with a disinfectant created by God...

...stop and consider God's wonders. Job 37:14

A simple man believes anything, but a prudent man gives thought to his steps. Proverbs 14:15

The simple inherit folly, but the prudent are crowned with knowledge. Proverbs 14:18 NIV

**TCCSA's STATEMENT OF BELIEF**

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.

We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.

We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.

We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.

Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.
