## How Smart Was Adam? (Could Evolution Produce A Genius?)

7:30 PM, March 20, 2007, Nazareth Hall Chapel, Northwestern College

In the phenomenon of the "Idiot Savant," persons who are retarded, autistic or otherwise mentally disabled, there occasionally are seen flashes of incredible mental ability. Does this give us a glimpse into the overall intelligence of Adam and Eve and their early descendants, before the deterioration initiated by sin eroded the genetics of all living creatures? Evolution is unable to explain what has been termed "over design" of the brain. Although these exceptional abilities enrich human life, they do not enhance survival.

Ian Taylor is the author of *In the Minds of Men* and the voice of **Creation Moments** heard on radio stations locally and around the world. His book is in print and on-line at <http://www.creationism.org/books/TaylorInMindsMen/index.htm>. Mr. Taylor comes to us from England by way of Toronto Canada. If you like him on the radio you will like him even more in person. Bring the whole family and invite your friends for this one.

All meetings are free and open to the public. A free-will offering will be accepted.

### Coming Up . . .

Have you considered . . .

your kidneys? Two fist-sized organs located in the lower part of your back do the following:

1. Filter out metabolic waste products
2. Regulate the blood stream to be 51% water (a 5% fluctuation either way would cause your blood to be too thin and your blood pressure would drop, or too thick and your heart couldn't pump it)
3. Maintain the right salt concentration in the body
4. Regulate the acid-base equilibrium
5. Secrete hormones which help maintain blood pressure and make red blood cells

In the area of hormone secretions, scientists are still discovering new functions. Every 50 minutes, all the blood in your body filters through the kidneys. When a person's kidneys fail, they need kidney dialysis. That person must spend several hours a week hooked up to a machine. Evolutionists say kidneys happened by chance, that they were an accident. Did the kidney dialysis machine happen by chance? Is the kidney

dialysis machine (which was planned and designed) better than these "accidental" kidneys? No it is not; we can not replicate our body's kidneys! It is said that next to the brain, the kidneys are the most complicated organ in the body. This is not surprising for the Master Designer made then to last a lifetime.

### Activity Update

February 17 - 18 was the 11th annual **Science Fair** at Har Mar Mall. We had 37 students participate with lots of interesting projects that attracted many passersby in the mall.

May 15 is the deadline for our annual **Writing Contest**. It is open to any student through grade 12. Information on both at [www.tccsa.tc](http://www.tccsa.tc).

## CREATIONWISE

HAVE YOU EVER CONSIDERED  
THAT THE TEACHING OF EVOLUTION  
GIVES KIDS A GREAT REASON TO  
DISRESPECT ADULTS??

### TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.

We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.

We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.

We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.

Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.
