

# CREATION BULLETIN

April 2007

Vol. 33, No. 4

## It's A Young World After All Radioisotope Evidence

7:30 PM, April 17, 2007, Room 116, Totino Fine Arts Center, Northwestern College

Dr. John Baumgardner is a Geophysics Professor and Director of the ICR Scientific Corporate Center. He was an early advocate for the concept of catastrophic plate tectonics and chief developer of the TERRA program for computer modeling of the dynamics of the earth's mantle.

A number of recent findings cast grave doubts on conventional uniformitarian geology.

- Measurable Carbon 14 in coal, oil, and fossils thought to be tens to hundreds of millions of years old (and should therefore have no measurable Carbon 14).
- The residual Helium content determinations found in rocks with that exhibit radioactive decay (and should have long ago diffused out of the rocks).
- The pleochroic halos radioactivity evidence.

This presentation is designed for general audiences. However, he is very capable of fielding the technical questions. John led the project that verified the presence of Carbon 14 in coal and discovered C-14 in diamonds. **Note: we will meet in Room 116 NOT the Chapel!**

All meetings are free and open to the public. A free-will offering will be accepted.

### Coming Up . . .

May 15—John Nuckols—Orville Wright

June 19—Tom Vail—Grand Canyon-A Different View

July 17—Video—Icons of Evolution

Have you considered ...

the African gazelle. Did you know that it has a radiator in its nose? When chased by a lion, the African gazelle can reach speeds up to 50 mph. This raises the body temperature. Yet when scientists measured the temperature of the brain, they found it remained low. Scientists were surprised to find that the gazelle has its own cooling system. Before the warmed blood goes to the brain, it passes through a cooling pool of blood near the nasal cavity. This allows the gazelle to be "cool-headed" in the heat of flight. How long did it take a gazelle to come up with this radiator in its nose? Picture this: Mr. Gazelle is being chased by a lion; without the radiator, he boils his brains and dies. If he slows up (in order to not overheat), he is caught by the lion and dies. What Mr. Gazelle needed was a radiator from the beginning in order for him to survive and that is what the Master Designer gave him.

... stop and consider God's wonders. Job 37:14

### Writing Contest

May 15 is the deadline for our annual **Writing Contest**. It is open to any student through grade 12. Information at [www.tccsa.tc](http://www.tccsa.tc).

### Writing Contest 2

The Trinity Foundation's Third Annual Christian Worldview Essay Contest is underway.

The Prizes are big: \$3,000 for First Place; \$2,000 for Second Place; and \$1,000 for Third.

Entrants, who must be between the ages of 17 and 23, should read Dr. Gordon Clark's book, A Christian Philosophy of Education, and write an essay about it. The essays are due September 1, 2007. Full Contest rules are available at

[www.trinityfoundation.org/2006EssayContest.php](http://www.trinityfoundation.org/2006EssayContest.php)

## Monkey's Cuz by Daniel Nuckols

### TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.

We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.

We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.

We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.

Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.

Are you moving? Please let us know so you won't miss an issue, and we won't be charged extra.
