

## Global Warming

7:30 PM, September 18, 2007, Room 116, Totino Fine Arts Center, Northwestern College

If you listen to the news, it sounds like you should sell your snowmobile and winter clothes. You should expect relatives to move in from the West or East Coast because the sea is rising. But wait just a moment. What does the Bible say about all this? Is Global Warming the beginning of God's judgment? What does science really say about rising oceans? Is Al Gore right in his movie "Inconvenient Truth?" Russ McGlenn has done extensive research on the issues and will help you sort it out with his colorful; fact-based PowerPoint presentation. Bring friends, neighbors, Kids and Pastor with you.

Pre-Quiz on what you believe

1. T or F A large number of glaciers are retreating.
2. T or F We are getting more hurricanes every year.
3. T or F Humans are causing Global Warming.
4. T or F Deserts are growing larger each year.
5. T or F The next 50 years will have more animals become extinct because of humans.
6. T or F Absolute sea level is known in the Pacific Ocean?
7. T or F In most of Antarctica, glaciers are getting smaller.
8. The TV weatherman tells you that it will be warm and sunny 10 days from now. Would you believe it?  
Circle your answer. 1 2 3 4 5 (1 = 0% chance, 5 = 100% will happen)
9. If he told you the weather report for 100 years from now. Would you believe it? 1 2 3 4 5

All meetings are free and open to the public, an offering will be accepted.

Have you considered ...

our planet Earth. If the sun were closer to the earth, we would burn up; if farther away we would freeze. If the earth was not tilted at 23 degrees, the areas near the poles would be dark and cold all year long. If it tilted too much, the seasons would be very extreme – for example, on the planet Uranus the winter is 42 years of total darkness! If Earth did not have a large revolving moon, we would have no tides, causing the ocean waters to grow stagnant and produce no oxygen for its creatures. What we see is a planet that is perfectly balanced for our habitation. We see design in the perfect balance. When we see a design we know there is a Designer.

...stop and consider God's wonders. Job 37:14

**TCCSA's STATEMENT OF BELIEF**  
 We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.  
 We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.  
 We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.  
 We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.  
 Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.
