

Ian Juby and his Travelling Creation Museum:

“God’s Little Creation”

7:30 PM, October 21, 2008, Nazareth Chapel Northwestern College

Ian Juby comes to us from Chalk River, Ontario with his portable creation museum. He has been on national TV and speaks throughout North America. You can watch videos, read about Ian and sign up for his newsletter at www.ianjuby.org.

His talk is for children of all ages and his museum displays will be available for you to view and some to touch. His style of speaking will keep you entertained while you are learning truths of God’s Creation. To get a taste of his humor here are quotes from his website.

“God cannot be a figment of my imagination because He is not at all what I imagined Him to be.”

-C.S. Lewis

“The Bible does not say ‘Be Ye transformed by the removal of your mind’” -Winkie Pratney

This talk will be one you won’t soon forget but if you do miss it, don’t say we didn’t warn you.

All meetings are free and open to the public, an offering will be accepted.

Have you enjoyed our programs? We certainly enjoy making them happen. Your attendance is a great incentive for us to continue providing world-class speakers. Your contributions and memberships make it possible. All income goes for speaker expenses, advertising, children’s activities and other expenses. We have no paid staff. If you are interested in getting involved in an active way, please let us know.

And God saw every thing that He had made, and, behold, *it was* very good. And the evening and the morning were the sixth day. Thus the heavens and the earth were finished, and all the host of them. And on the seventh day God ended His work which He had made; and He rested on the seventh day from all His work which He had made.

Have you considered ...

... dust. Yes, the dust that accumulates on your furniture. The dust that makes you sneeze. Every drop of rain is gathered around dust. If the air is too clean, rain has a hard time forming. Dust is needed. If there was no dust, then there would be no rain, no plants, no animals, and no you! So, the next time you are frustrated with all the dust on the furniture, stop and thank God for it, for if there was no dust then there would be no you.

... stop and consider God’s wonders.

Job 37:14

TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.

We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.

We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.

We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.

Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.

The writing contest is over for 2008 but you can read what the students wrote at www.tccsa.tc. Some of the authors are scheduled to read their paper at upcoming monthly meetings.

Science Fair 2009 is scheduled for February 14 & 15 at Har Mar Mall in Roseville. This is a highlight of the year. Students present their projects from a Christian perspective to mall visitors. If you have a K-12 student, plan to participate this year.
