

Why Evolution is Incompatible with Scripture

7:30 PM, January 20, 2008, Totino Fine Arts Center, F2128 (Old Room 116), Northwestern College

Jason Carlson will explain from God's word why the theory of evolution simply does not fit with God's record of creation, the fall, or God's plan of salvation. Using basic theological truths Jason demonstrates that for any Christian who wants to maintain a high view of Scripture, embracing the theory of evolution is just not an option.

Many Christians think that they can straddle the fence between evolution and the Bible. They do not understand the significance of what they are doing to the integrity of Scripture and the nature of God. Most of our meetings deal with the scientific evidence for creation. This one looks hard at the Biblical evidence against evolution.

Jason Carlson is Vice President of Christian Ministries International, an organization devoted to evangelism and equipping Christians to share their Faith with those in cults, world religions and false philosophies.

He is a gifted communicator with a keen intellect and clearly communicates a Biblical Christian worldview in response to contemporary culture, the theory of evolution and the religions of the world.

All meetings are free and open to the public, an offering will be accepted.

For God so loved the world that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life. John 3:16

Have you considered ...

...the fruit fly. Scientists have deliberately bombarded these creatures with radiation in order to see mutations. Fruit flies have been subjected to more than 90 years of experiments with over 3,000 consecutive generations. The result? Fruit flies, not birds or butterflies. These mutant-producing radiation experiments continued to produce fruit flies; but now these fruit flies had shriveled wings, crooked bodies, no eyes, and other negative deformities. No new creatures were formed! But, it is just as God said from the beginning; He spoke into existence each kind of creature and they reproduce after their kind.

...stop and consider God's wonders

TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.

We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.

We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.

We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.

Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.

Help Is Just a Click Away

How can you help finance TCCSA without costing you a cent? www.goodsearch.com is an internet search engine that pays the non-profit of your choice about one cent per search. If you search and then buy something we also get a percentage of the transaction.

Try it out, you may like it as well as what you currently use and you help us at the same time. Just type TCCSA in the second box and click verify. You can make that your home page if you like.
