Ancient Exorcists, Demons and the Name of Jesus

7:30 PM, April 20, 2010, Nazareth Hall Chapel, Northwestern College, Roseville, MN

Ancient Exorcists used a wide variety of magical voodoo-like practices to summon, control, and cast out demons, including at times even using the name of Jesus. This PowerPoint presentation will study the widespread magical practices of these ancient exorcists and will compare and contrast their practices with the exorcisms of demons by Jesus in the New Testament.

Dr. Clyde Billington is a favorite speaker with lots of knowledge to share. His speaking style is fast-paced but very understandable and always interesting. His pictures and information is thoroughly researched, some is done on-site in Egypt, Israel and other countries.

All meetings are free and open to the public, an offering will be accepted.

Writing Contest

You have until May 15 to get your paper turned in to be considered for a prize. This is open to any student up through 12th grade. Authors may be asked to read their paper at one of our meetings.

We want to encourage young people to consider being a scientist, author, teacher or just to enhance their understanding of God's creation.

This exercise will improve your child's education.

Coming Up . . .

May 15—Writing contest papers due.

May 18—Russ McGlenn, Beowulf the Dragon Slayer - Truth or Fantasy?

June 22—Brian Young, Amazing Animals

July 20—Video, Voyage That Shook the World

Have you considered...

...robin spring migration. As winter is ending, robins migrate quickly north to set up their breeding territories. If they arrive too early, food is not readily available. The robins, having endured the stress of migration, would now find a lack of food. This is not a good combination for starting the rigors of nesting. However, we observe that waves of spring robins do not arrive when food is depleted. In fact, robins arrive just as the hibernating earthworms come to the surface of the ground. The waves of spring robins arrive just as dinner is served! How does this happen? Scientists are discovering that robins migrate just behind the 36 - 37 degree isotherm (The isotherm is an imaginary line that connects places having the same average temps.) At the same time, earthworms are migrating upward and appear on the ground surface just as the temperature reaches 36 degrees. How did all of this come about? God cares for his creatures.

...stop and consider God's wonders. Job 37:14

Have you checked the links on www.tccsa.tc? You can find other organizations, sources for goods, services and information that will better enable you to understand creation and our Creator. A few minutes here may help you find an answer you have been searching for.

TCCSA's STATEMENT OF BELIEF
 We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.
 We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.
 We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.
 We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.
 Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.

The Christian Resource Center Library has moved to Hand In Hand School. Things are coming together but need more time to finalize everything. Email jcforshee@usfamily.net for information or to volunteer. Thanks to everyone who helped move.
