Vol. 37, No. 9

New Age; The Next Step in Evolution

7:30 PM, October 18, 2011, Nazareth Hall Chapel, Northwestern College, Roseville

If evolution is a continuous process, then it does not stop with man. If natural processes can produce life from non-life and mutations lead to constant improvements, what comes after intelligence? Superpowers? The end of strife, want and pain? Where does the hope come from and where does it indeed lead? Science blends with religion. Many think there is a new world coming. The vision is not Christian but a clever counterfeit.

Ross Olson M. D, has made a study of counterfeit things that have invaded our society and even Christian churches. All too often these things have displaced Jesus as the focus point. Are New Age ideas man-made or is some super-power directing this?

Rest assured, we will try to hold Ross to just one Ole and Lena joke.

All meetings are free and open to the public, an offering will be accepted.

Have you considered...

...the tears of an eye? The eye is a very delicate organ. Daily it is exposed to dust, dirt and just plain gunk. The tears are the eye's main defense and are made up of more than 90% water, yet within this water is a special enzyme that destroys bacteria. Imagine if this enzyme had not evolved, our eyes would be one big continual infection. And with this infection would come pain; remember the last time you got something in your eye? So every time you blink, stop and consider how your eye is washed with a disinfectant created by God.

...stop and consider God's wonders Job 37:14

Start your own Creation Video Club

Calvary Memorial Church in Wayzata has a creation video night the 1st Sunday of the month. Someone in Prescott, WI plans to start one.

If you don't live real close to those places, why don't you start one too?

Videos are sold for "home use only". If you show one in a public place including churches, check with the video producer for permission. Some have no restrictions, others may charge to show theirs. We may be able to point you to some with no charges.

Let us know where and when your show starts so we can get the word out. Pop corn not required.

Looking for a Creation speaker for your church, school or club? TCCSA has several speakers available at www.tccsa.tc/notices/speaker_list.pdf.

Check it out, there are excellent speakers here.

Coming Up . . .

Nov. 15—Bruce Malone, Lessons from Ukraine - Evidence We Should Have Presented

December—No meeting or newsletter—celebrate the Creator who came to earth to enable us to get to God.

Jan. 17—Dr. Bruce Simat, Aging

Pray that God will provide the topics that you need to know, so you can tell others of His good news.

CREATIONWISE

TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.

We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.

We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.

We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.

Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.

Moving? Let us know so you won't miss your newsletter and we won't be charged for returns. If you would rather have the email version, you get them faster and we save the postage. Thanks
