## Evolution -- The Greatest Deception in Modern History

Tuesday, July 16, 7:30, Totino Fine Arts Bldg, Room F2128, Northwestern College, 3003 N Snelling, Roseville

Dr. Roger Gallop uses a compilation of commonly known scientific evidence supporting creation - evidence in the fields of geology, biology, medicine, paleontology, chemistry, biochemistry, physics, astrophysics, and astronomy, and specific research by esteemed scientists, and from his own personal experience as a consulting geologist and biologist. This video and his website were completed after having grown weary of false evolutionary doctrine promoted by public television, national networks and other media, and taught in our public schools. Although 'evolutionary theory' does not meet the universally accepted definition of 'theory' or 'hypothesis' or, for that matter, the universally accepted definition of 'science', students continue to be taught evolution as "proven fact" - and later in life, they perpetuate this doctrine as teachers, journalists, and parents without question. All meetings are free and open to the public, a free-will offering will be accepted.

### A bit of History

TCCSA has been around since 1973 but we don't have a complete history of the early years. Here are some tidbits from yesteryears.  
July 1976 Dr Don Albright spoke on "Long Half-life of Radio-active Isotopes."  
July 1977 "What we Discovered about Mars" by Bob Helfinstine, Honeywell Engineer and Bill Overn, former NASA Staff Member.  
July 1979 Vernon Harley told of testifying before the TX Textbook Commission in the 60's. He argued against evolutionary biased textbooks.  
July 1980 Bill Overn explained how volcanoes work  
July 1992 TCCSA sponsored a Creation Conference at Northwestern College.

## Have you considered...

...the evolutionary idea that dinosaurs evolved into birds. Recently in Lianonig, China a small fossilized dinosaur was found with three birds in its stomach. The birds were so well preserved they were even able to identify the species. These birds were "capable of powered flight" and had beaks. Birds and dinosaurs lived at the same time! And, this is not the first dinosaur found with a bird in its belly. The idea that dinosaurs evolved into birds? Hardly! A dinosaur caught in a world-wide Flood, rapidly buried and fossilized then dug up some 4,300 years later to reveal its last meal, a reality!

...stop and consider God's wonders. Job 37:14

If we haven't heard from you in several years, we may remove your name from our mailing list. Please let us know if you want to remain on our newsletter list. Your mailing label has a letter and a number following your name. The number is the year we last heard from you. R05 = 2005, M12 = 2012. The M number shows the most recent year you were a paid member. Members get additional discounts on many things on our book table which are already discounted. Membership also get you a free DVD at the book table, ask if you paid by mail.

### TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.

We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.

We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.

We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.

Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.

### We Need Help !

Do you have a desire to get involved with planning our meetings? We need additional members on the TCCSA board. No experience required but a love of science is helpful and belief in God's inerrant Word is required. We meet about 6 times a year.
