

Teaching Children the Biblical View of Dinosaurs

Tuesday, February 18, 7:30, Totino Fine Arts Center, Rm F2128, Univ. of Northwestern, 3003 N Snelling, Roseville

Shyla Allard returns with another talk on how she uses science to reach young people. She teaches children and youth at Grace Church in Eden Prairie. Each year she takes a class to the Creation Museum in KY and to the Field Museum in Chicago to show the world views of each.

Dinosaurs have captured the minds and imaginations of our children at every turn whether it be books, science classes, museums, cartoons or Hollywood movies. Unfortunately, the overwhelmingly prominent view of these amazing creatures is the secular humanist and evolutionary view which dates them as living millions of years ago prior to humans; thereby undermining a biblical worldview. In this talk, you will learn to teach children the biblical view of dinosaurs as well as help them spot the lies that are so often promoted about them.

All meetings are free and open to the public, a free-will offering will be accepted.

Have you considered...

...The frog that gives birth to its young through its mouth. This rare Australian frog swallows its eggs after fertilization. For six weeks the eggs develop in the mother's stomach without being digested after which 26 fully developed little frogs jump out of her mouth. Why aren't they digested? The jelly around the eggs releases a chemical that "switches off" the digestive juices. While another chemical relaxes the stomach wall so it can expand to an enormous size. These offspring change the stomach from a place of digestion into a warm comfortable incubator. How did the first baby eggs when swallowed turn off the mother's digestive juices? How did they pass this onto future generations? How does the mother survive 6 weeks without eating? Our Creator loves to amaze us with His creativity!

...stop and consider God's wonders. Job 37:14

Science Fair

Have you signed up for the Science Fair yet? It's just around the corner on February 15. Students will be judged on their project, display and the ability to present it verbally. Each of these skills will be invaluable in future schooling as well as just about any occupation.

The fair is open to any K-12 student and age-appropriate expectations are used for judging. Set-up starts at 8 AM and judging at 10 AM. Location is the University of Northwestern in Roseville.

You can find the details and entrance requirements at <http://tccsa.tc/fair/index.html>.

We also offer a K-12 writing contest. Writing requires practice to achieve greater skill. Just like music or sports, practice gives better results. Good writers are in demand and we want to help your student develop a skill that will enhance their value as a student and beyond. Final turn-in date is May 15. <http://tccsa.tc/archives/contest/index.html>

Coming Up . . .

Mar. 18—Julie Von Vett, Science confirms the Bible
April 15—Dr. Georgia Purdom, Genetics of Adam and Eve
May 20—Joe Taylor, Peru Discoveries (Tentative)
June 17—Brian Young

Check for updates & other info at www.tccsa.tc

CREATIONWISE

God Does Not Believe In Atheists!

Really! God does not believe in atheists. Sure, He knows there are those who claim there is no God. But first of all, He calls them fools. (Psalm 14:1)

Then He says that deep down inside, they actually know He is there. They did not get to where they are by way of intellectually honest inquiry but are rather practicing suppression of the truth. And because of this, they are not only without excuse but objects of His extreme anger. (Romans 1:18-21)

Further, Scripture predicts that eventually every knee will bow and every tongue confess that Jesus Christ is Lord, to the glory of God the Father. (Philippians 2:9-11)

Some will bow in grateful praise for forgiveness and a future eternity with Him. (Revelation 21:1-7)

Some will bow with gritted teeth, in dread and remorse for wasted life and opportunities, recognizing that they have been willing victims of the master deceiver and will share his fate. (Revelation 20:10-15)

TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.

We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.

We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.

We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.

Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.

Have you wished you had a copy of a TCCSA program that you missed or want to share? Most of our programs have been recorded and are available from Lehrke Productions. They may be purchased at our meetings or from LLL@mntelelevision.com.
