Geological Records: Do They Support the Bible?

Tuesday, March 17, 7:30, Totino Fine Arts Center, Room F2128, Univ. of Northwestern, 3003 N Snelling, Roseville

As you explore the world around you, do you have questions about the rock layers you see at Wisconsin Dells, the Badlands, or the Grand Canyon? Where did all the sediments come from? Why are fossilized dinosaur bones buried in the ground? How are fossils formed? Was there a global flood? Do we have any proof? What can we learn from Mt. St. Helens and erosion? If you struggle with any of these stumbers, please come and join us.

David Mikkelson is a talented, up and coming Creation Paleontologist. He experienced his first Dinosaur Dig with Russ McGlenn, when he was nine years old. David's been trained in fossil preparation and casting by Creation Paleontologist Joe Taylor and has been on several other dinosaur digs with Russ, Joe and Dr. Carl Baugh. He has several fossil replicas on display in museums around the Country. David's been on the TCCSA Board since January 2014.

All Meetings are free and open to the public, an offering will be accepted.

Have you considered...

...the poisonous snake's venom and delivery system. This amazing delivery system is intricate, having some eight parts:

1. Venom either a neurotoxin or hemotoxin
2. Venom gland to store venom
3. Canal for the venom to flow through to get to the fangs
4. Hollow fangs, like a hypodermic needle, so the poison can be injected
5. Muscle system that contracts the venom reservoir
6. Nervous system that signals for the muscles to contract
7. Fangs that are spring loaded to drop down when ready to bite
8. Instinct to know to use against prey

All these parts need to be present from the beginning for venomous snakes such as the rattlesnake or cobra to be able to deliver it venom, kill its prey and have its lunch. If everything were present except for the hollow fangs, it would not work. If there was no venom, it would be just a bite. If the fangs were not able to drop down, the snake would poison itself. What good is part of a snake? All the parts needed to be there from the beginning. When we see design we know there must be a Designer and that is God.

...stop and consider God's wonders. Job 37:14

K-12 Writing Contest ends May 15

We want to encourage your kids to become science writers for future generations. This is a good opportunity for them to get experience in writing. They can use their science fair project or another topic.

Coming Up ...

Apl. 21—Dr. Clyde Billington, - Khirbet Qeiyafa

May 19—Jay Seegert—Evolution: Probable or Problematic?

June 16—Brian Young, a favorite Speaker

July 21—Creation Video, TBD

August—No meeting, no newsletter

Check for updates at www.tccsa.tc

- I want to become a member of TCCSA and I subscribe to the Statement of Belief. (Calendar year membership dues are \$20.00. Students do not pay dues.)
- I want to renew my membership in TCCSA (note dues above).
- Mail newsletter E-mail newsletters and updates
- I want to make a donation to help promote Creation Science.

TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.

We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.

We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.

We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.
