Vol. 45, No. 5

## Darwin's Frauds, Blunders and Forgeries

Tuesday May 21, 7:30 PM, Totino Fine Arts Center, Room FAC 2106, Univ. of Northwestern, 3003 N Snelling

Dr. Jerry Bergman is a Professor and prolific author with nine earned degrees including a PhD in Human Biology.

While most people might be able to name one or two, few are aware of the sheer number of embarrassing deceptions used to prop up evolutionary theory. This talk highlights multiple examples that have misled generations. Some, like the famous Piltdown Man fraud, took many decades to uncover while leading evolutionists kept singing its praises to an increasingly indoctrinated public. Bring someone with you for this one.

All Meetings are free and open to the public, an offering will be accepted.

### Have you heard of a blue rose?

Roses over the centuries have been vigorously bred resulting in hundreds of species and thousands of hybrids, yet a blue rose was elusive, until now.

After 20 years of research and more than \$25 million dollars we now have a blue rose, not dyed! How was this done? By a new invention, the gene gun, which took the genes from a blue flowered petunia and inserted them into a rose's DNA. The rose's natural color was then turned off with an enzyme which quieted the color gene. No amount of breeding or hybridization could have produced a blue rose, there are no genes for blue roses! Evolution believes that genes evolved over millions of years by accident and chance, yet it took considerable purposeful work over 20 years to take a petunia's already written code and insert it into the rose's DNA code. Nothing was created. The codes for complex instructions do not happen by accident and chance. There had to be a code maker and that code maker is God.

Howard, Gordon. (2019) "The Blue Rose", Creation magazine 41(2) p. 46-47.

### Fiji and Beyond project update

The initial project to provide a book to every student in the island country of Fiji has branched out. Books are now being distributed in other countries. In June the Von Vettes and Malones plan to go to Vanuatu, between Fiji and Australia, to distribute 10,000 books to every student in the country. Trips to the Philippines and Fiji are scheduled for later this year and next. You can search online to discover more about these places. Thanks to all who have supported this project through their prayers and finances. TCCSA and our faithful people have been a part of this ministry to reach around the world for our Creator.

#### Coming Up (Lord Willing) . . .

June 18—Mike Riddle, Preparing Youth for the Battlefield  
July 16—Dr. Joseph Kezele, Amber and Honey  
Aug. 20—Dr. Rob Carter, Biblical Worldview and Science  
Sept. 17—Russ McGlenn, Pluto, The Undiscovered Country  
Oct. 15—Jim Orme, What Are the Created Kinds?

#### **TCCSA's STATEMENT OF BELIEF**

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths. We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds. We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect. We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind. Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.
