

CREATION BULLETIN

January 2020

Vol. 46, No. 1

New Age; The Next Stage in Evolution

Tuesday January 21, 7:30 PM, Totino Fine Arts Bldg., Room F2106 Univ. of Northwestern, 3003 N Snelling

Ross Olson, MD will present the facts regarding the way evolutionists are promoting their ideas in schools and the media. Christians need to be aware.

If evolution is a continuous process, then it does not stop with man. If natural processes can produce life from non-life and mutations lead to constant improvements, what comes after intelligence? Superpowers? The end of strife, want and pain? Where does the hope come from and where does it indeed lead? Science blends with religion. Many think there is a new world coming. The vision is not Christian but a clever counterfeit.

All Meetings are free and open to the public, an offering will be accepted.

Have You Considered ...

... the scab on your arm? Do you realize that it takes a 12 step process to form that scab? In order for a blood clot to form, there must be 12 specific individual chemical reactions taking place within our blood. If one of these chemicals is missing or is in the wrong order, then a person suffers from hemophilia. If evolution were true, how did this process happen by chance? How did the chemicals get in the right order? Our Master Designer engineered this 12 step cascading process. All the chemicals, the right amount, and the right order had to be present from the very beginning; otherwise, the first creatures would have bled to death.

... stop and consider God's wonders. Job 37:14

TCCSA Videos are on YouTube—link at www.tccsa.tc

Have you watched any of the videos on our YouTube channel? Have you noticed the quality of the productions? Ryan Picket has done excellent work in recording and editing them for us. TCCSA is a volunteer organization and we encourage you to get involved. Let a board member know if you have a skill or have something you would like to do. Our board meets 6 times a year to plan programs and do business.

Election of the TCCSA Executives will be held at our January meeting. Paid-up members may vote.

TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths. We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds. We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect. We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind. Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.
