## Worldwide Erosion Negates Evolution's Deep Time

Tuesday May 19, 2020

Empirically measured Worldwide erosion rates do not support the evolutionary assigned Deep Time to the sedimentary cover of the continents.

Sal Giardina worked as a Registered Professional Geology Consultant and is the author of several papers on Engineering Geology and Applied Earth Sciences. He presented to TCCSA once before in July of 2017.

The university of Northwestern is still closed so we plan to have a recording of this program available May 19 on our YouTube channel.

### Have You Considered ...

...Werner von Braun, the father of US space flight, came of age during the time of Hitler and WWII. Under his leadership in Germany, in 1942, the first true rocket was successfully launched. When V-2 rockets were launched in attacks on civilians in Paris and London, he objected and was jailed. In 1945, von Braun and his entire team and their families—some 5,000 people—surrendered to the Americans. These transplanted Germans essentially became our American space program. When the Russians sent up Sputnik the space race was on. Werner von Braun became the chief adviser of the newly created NASA. By this time, he had become a Christian. Under his influence, the bible and creation became evident at NASA. Christmas Eve 1968, as they approached the moon, an astronaut read over worldwide TV “in the beginning God created the heavens and the earth...” As long as Dr. von Braun was the chief of NASA, the scientists and astronauts, acknowledged God for making their achievements possible and that He was the creator of the universe. It has been acknowledged by his colleagues that they believe the United States would not have reached the Moon were it not for von Braun. Von Braun opposed the teaching solely of evolution in schools, he wrote that: “To be forced to believe only one conclusion—that everything in the universe happened by chance—would violate the very objectivity of science itself” Here was a brilliant scientist, doing something man had never done, go to the moon and back, and he gave God the glory for his achievements at NASA.

Bergman, Dr. Jerry, “Werner von Braun: The Father of Space Flight”, *Acts and Facts*, 1/2015 p. 20-21.

### TCCSA Videos are on YouTube—link at [www.tccsa.tc](http://www.tccsa.tc)

We currently have over 30 videos on our YouTube channel including all meetings from this year.

**We're on Facebook** [www.facebook.com/pages/TCCSA/110571272303973?ref=ts](https://www.facebook.com/pages/TCCSA/110571272303973?ref=ts)

### Coming Up (Lord Willing) . . .

June 23\*—David Coppedge, Cassini's Discoveries at Saturn  
July 21—Joseph Kezele, Do You Have a Date with Carbon 14?  
August 18—Bian Young, A New Look at Adam  
Sept. 15—Russ McGlenn, Topic TBD  
Check for updates at [www.tccsa.tc](http://www.tccsa.tc)

#### **TCCSA's STATEMENT OF BELIEF**

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths. We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds. We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect. We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind. Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.

Newsletters are returned with address corrections so we can update our list. Each return costs us. If you are moving or will be away for more than a month please let us know. It will save us \$ and you won't miss any issues. You can also sign up for email delivery, available right away, anywhere in the world at no cost.

This newsletter is also available as an email? You not only receive your newsletter faster, we send a reminder before each meeting. We include late-breaking news and activities in the reminder. Let us know if you would like to be included on our email list. We never share your information with anyone.
