Science Uprising: Powerful Links

Tuesday January 19, 2021, 7:30 PM This is a live Zoom meeting, a recording will be on YouTube later. Scientists are speaking out! Brian Lauer will show powerful links to videos that destroy evolution! Get your arsenal full for this digital battle against the godless dogma of evolution that permeates our government schools, media, and museums. Know where to find this persuasive information, and share it (from short animated clips to edgy Ph.D. scientist videos).

For a link to the program on January 19, email Dave Johnson at david-johnson@usfamily.net. A link will be sent out on the 18th or the 19 prior to the meeting at 7:30 PM.

THANK YOU! The 3-year Fiji project to visit every secondary school in the nation has been completed!

Three years ago, God gave us an impossible task, to go to every secondary school in the nation of Fiji and give each student a creation science devotional called *Pearls in Paradise* (in the USA it is called *Have you Considered*). There were the costs, the manpower, the access to the schools, etc. God was faithful and went before us! For the past 3 years, creation science teams came together twice a year. The result, 165 secondary schools were visited, given a creation science presentation, and each student/teacher/principal was given a *Pearls in Paradise* book. Almost 65,000 books were given away (the remaining books have been shipped to Vanuatu and the Cook Islands)!

In March 2020 the Covid pandemic closed Fiji down. This would have been the last part of the project. It looked hopeless; however, God completed the project through those already in Fiji. One missionary and several Fijians spent this Fall going to very remote and difficult to get to island schools. Each of these remote islands had but one school and low numbers but each soul is important to our God. One boat trip was particularly adventuresome. The seas were rough, and the boat turned this way and that, the theme song from Gillian's Island kept going through the missionary's head. They should have arrived at morning light but arrived at 5 pm. Even so, the school assembled at 7 pm for the presentation.

On another island, just the day before, one of the students had asked his mother if he had evolved from an ape. How timely God is!

The 3-year project visited every secondary school in Fiji – 165 schools on 16 islands and spoke to almost 65,000 students with each student receiving the creation science devotional book, *Pearls in Paradise*.

Seven percent (7%) of the nation heard the presentation and was given a *Pearls* book. Each student has a mother, a father and siblings, conceivably that means more than half the population of Fiji could be influenced by this book and the Gospel message it contains. Many stories have been heard of others who have been influenced by the books, neighbors, friends, government and military personnel received or have access to the books. This will literally influence an entire nation and region of the world!

Coming Up (Lord Willing)

Feb. 16—Julie Von Vett, The Incredible World of Plants
Mar. 16—Don Slinger, When Did Cavemen Live ... and More.
Apr. 20—Eric Hovind, Not confirmed
May 18—Bob Enyart, Hydroplate Theory & True Predictions

TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths. We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds. We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect. We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind. Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.
