“Do you know your Bible? Revealing why God’s Word is to be Believed.”

In this day and age, we live in a very skeptical society. Everyone wants to know the reason behind everything, searching for the definition of truth. As Christians, living in this age, are we going to stand out and defend the hope within us (1 Peter 3:15) or are we going to stand in the shadows? I am going to speak on the great importance we, as followers of Christ, have to defend our faith. I will be focusing on how to tell a Bible skeptic that God’s Word is true, as well as, how we know God created the earth and the entirety of creation in six literal, twenty-four hour days. I will include many points using the biblical Hebrew language, which I have studied in depth. I pray the Lord will use my words to bless, encourage and challenge you.
