### Register on-line – now!

**Help us plan.** Registration – we will have a free will offering at the event. BUT, please register on-line so we know how many will attend. For reduced priced meal, register and pay on-line by November 9, 2014.

Details at: [www.stlucascc.org](http://www.stlucascc.org)

Lunch (Chicken hind quarter, potatoes and vegetable) \$2.25 per person if pre-registered or \$3.00 if paid at the door.

**Brilliant: MADE IN THE IMAGE OF GOD** by Bruce Malone. New book – special pricing at conference.

### A Plausible Answer

Jesus didn't separate Scriptural statements about history from spiritual subjects.

People often do not have the substantiating evidence to connect history and science with the Bible, which raises doubts in Scripture and what they believe. Enhance your Spiritual confidence with the facts and compelling reasons for your faith so that you can give a reasoned answer to yourself and others.

*"If I have told you earthly things and you do not believe, how will you believe if I tell you heavenly things?" John 3:12*

# Science & Bible - 21<sup>st</sup> Century Understanding

**Saturday, November 15, 2014**

## Reconnecting history, science and the Bible

Learn the facts. Be equipped with compelling reasons for your faith.

Please register for conference and reduced lunch prices before  
November 9, 2014

St. Lucas Community Church  
1195 Manning Ave. N.  
Lake Elmo, MN 55042

## Saturday, November 15

**8:00-8:45 a.m. Check-in**

**8:15-8:45 a.m. – Fossil display tour**

**8:50-9:00 a.m. – Opening –**  
Pastor Dan Peterson

**Session 1: 9:00-10:00 a.m. – Brilliant: Made in the Image of God, part 1 of 2 - Bruce**

Malone. A visual and intellectual journey through time - this talk reveals how artifacts from ancient cultures fit into a literal 6,000 year biblical timeline.

Early man is routinely portrayed as a knuckle-dragging, wife-beating, dimwitted ignoramus because it is assumed that he evolved from some sort of ape-like ancestor. Nothing could be farther from the actual truth. Every culture of the world displays the incredible intelligence of mankind from its very foundation. This talk explains how historical mysteries of the past confirm key Biblical events such as the creation of mankind, the fall of creation, the worldwide flood, and the dispersion from Babel.

**Session 2: 10:15-11:15 a.m.**

**Teaching Our Kids to Think Biblically in a Secular World,**

Shyla Allard. By the time children in the church reach young adulthood, they will be faced with multiple

challenges and surrounded by anti-Biblical teaching, ideas and organizations. The key question is, will they be ready?

**Session 3: 11:30-12:30**

**Brilliant – part 2 of 2 - Bruce**  
Malone

**12:30-1:30 Lunch** (hind quarter of chicken, rice and vegetable) \$2.25 for early registration or \$3 at the door.

**Session 4: 1:30-2:20 p.m.**

**How Anthropology, Through Archaeology, Culture and Linguistics Comports to a Young Earth: Neil Smith.**

Do anthropology/archaeology, history and linguistics give us any clue about human origins? Is it significant if civilizations and languages begin to appear in the record about the same time? Does human behavior support living in isolation, or rather, are relationships and community the primary pattern? How do the facts relating to these questions comport with the Bible?

**Session 5: 2:30-3:30 p.m.**

**Mysteries Written in Rock -**

Bruce Malone. Examples from geology confirm the reality that Noah's flood rapidly formed the rock layers of the Earth. In recent years geologists are acknowledging that many, if not most, of the sedimentary layers of rock upon the Earth must have formed quite rapidly and catastrophically. So where is all the time needed for evolution to have

occurred? Supposedly, between the layers of sediment.

**Closing – 3:30-3:35 p.m.**  
**Pastor Dan Peterson**

**Bruce Malone** is a retired Dow Chemical researcher (17 patents – including materials used on the Space Station). He is an internationally known speaker and Executive Director of Search for the Truth Ministries. His latest book is: *Brilliant: Made in the Image of God*.

**Shyla Allard** has been a Bible and Christian worldview teacher at Grace Church in Eden Prairie, Minnesota for nearly 15 years. In January of 2013, she was featured in *Answers Magazine* in an article that highlighted her church's worldview teaching program and her guided tour for students through the Field Museum of Chicago where she contrasts the secular, evolutionary worldview with the Biblical truth.

**Neil Smith** is a retired Federal criminal investigator with over 40 years' experience, including over 20 years with the US Army CID, and is a graduate of the FBI National Academy. His investigative interests include archaeology and the Bible. His personal Christian journey has led him to recognize that faith is not blind; rather, it is both reasoned and rational and can be supported by both logic and evidence. He has traveled extensively, including trips to Israel and the Middle East.
