CREATION BULLETIN

March 2023

Vol. 49, No. 3

Seven Arguments to Win a Person to Creation

Tuesday March 21, 2023, 7:30 PM, Univ. of Northwestern, Totino Fine Arts Center, Room F2106

There are no absolute proofs of a Biblical Creation but there are Biblical and Scientific Principles that are solid arguments. This is to help you prepare your defense when asked why/what do you believe. "Be prepared to give an answer of the Hope that is in you and to do it with gentleness and respect." I Peter 3:15

In Romans 1:18-20, His Word tells us we can't help but see Him when studying His creation.

There are so many passages that come alive when we understand His creation more - Job was schooled by God using creation, and Jesus walked this earth often using the very creation He made to communicate His message of hope.

On this talk Dennis Siler will present concepts that someone young or old can understand that are logical and important. Dennis has served as the Executive Director of Living Waters Bible Camp in Westby WI for 33 years.

Updates at www.tccsa.tc All meetings free and open to the public.

Have you considered...

...feathered dinosaurs? If dinosaurs had feathers, how would they preen them? First, they would need a preening gland, which in birds is located on their backs near their tail feathers. The bird takes its bill and presses down on the preening gland which oozes out the oil. Now with oil on the bill, the bird grabs a feather and moves down the entire length of the feather oiling it and zipping the feather together. Through this preening method, feathers are kept in good flying condition.

Now imagine the dinosaur turning its neck to reach its preening gland and then pressing down with his chin. Then taking the oily chin to each feather, grasping it in his mouth and zipping it together. If the dinosaurs did not do this the feathers would be matted and in disarray; in other words, the feathers would be USELESS!

Evolution is about benefits; useless feathers are not beneficial. Feathers are just one aspect involved in evolving a dinosaur into a bird, then there is the change in the skeletal system and the respiratory system. Too many changes with no scientific proof that this ever happened. These are just evolutionary stories. When we go to Scriptures, we find God created birds on Day 5 and dinosaurs on Day 6. Dinosaurs did not evolve into birds.

Joe Taylor was scheduled to speak in February but he was hospitalized due to cancer and we used another speaker. Doctors have not given Joe a good report, please pray for Joe and his family.

TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths. We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds. We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect. We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind. Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.

What effect does little TCCSA have on the world?

Most of the people receiving the printed version of this newsletter don't have access to the internet. In the past we sent the printed newsletter to as many as 550 people, most in the Twin City area. As more people signed up for the email version we got down to 200 per mailing. Bulk mail requires at least 200 in each mailing so we were sending both email and snail-mail just to keep our numbers up to 200. The cost for the mailing and printing was exceeding what it would cost to use 1st class mail for those few who wanted it. We now mail about 30 copies of the newsletter.

Some say the internet is used by Satan to spread bad things. That is true but it is also true that God uses it to spread good things. TCCSA was a local ministry with a local group with very few outside the metro who had access to what we do. We have a handful of volunteers planning programs with speakers from many places speaking on topics of interest to a few people of all ages. God has blessed us with a place to meet without cost and a local group willing to finance the cost of getting speakers to come speak to us.

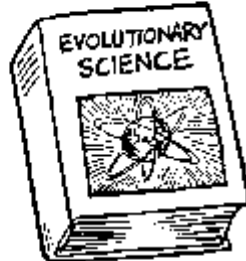

With the internet our speakers can be here or anywhere, are recorded, placed on the internet and viewed by people all over the world. Our programs get watched by hundreds to 10s of thousands of people.

If you are a member or put something in the offering baskets, you are a vital part of this organization and are much appreciated by the volunteers and by those who watch. Only God knows the result.

CREATIONWISE

GOD'S PERFECT WORD

MAN'S FALLIBLE OPINION

WHEN PEOPLE TRY TO MAKE THEM AGREE, GUESS WHICH ONE GETS "MODIFIED"!!
